# How to reserve a Computer using GT Reservation System on Mobile

If you want to book a computer now, Select Book Now.

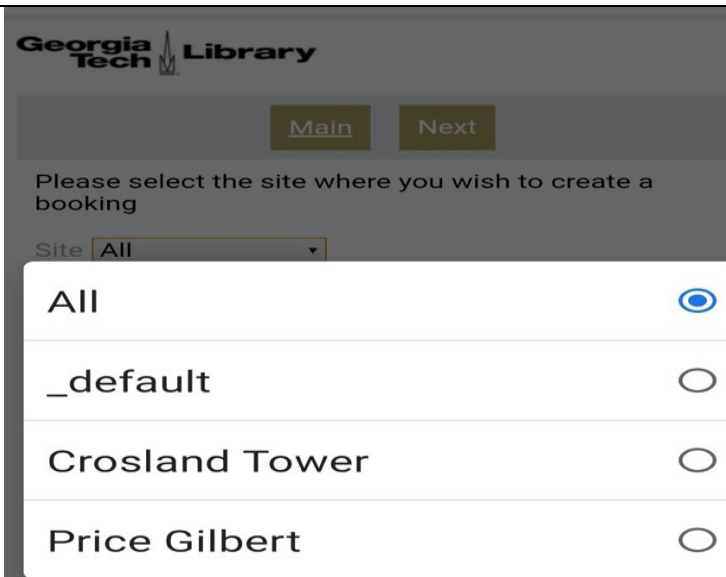

The first screen is the Site screen.

# How to reserve a Computer using GT Reservation System on Mobile

Select where you want to book your computer from the menu).  
If you have no preference, select All.

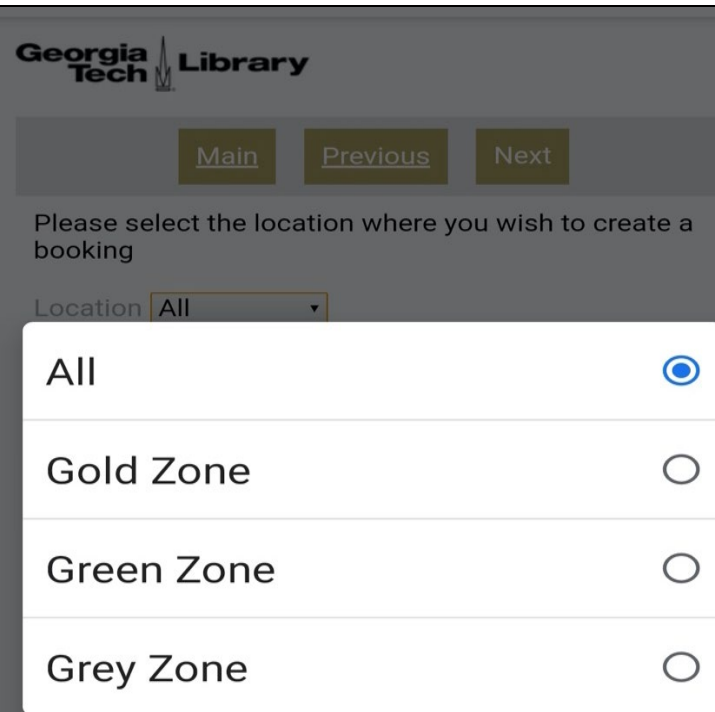

The screenshot shows the Georgia Tech Library reservation system interface on a mobile device. At the top, the logo "Georgia Tech Library" is visible. Below it, there are two buttons: "Main" and "Next". A message reads: "Please select the site where you wish to create a booking". Below this message, there is a dropdown menu labeled "Site" with "All" selected. The dropdown menu is open, showing four options: "All", "\_default", "Crosland Tower", and "Price Gilbert". Each option has a radio button next to it. The "All" option is selected, indicated by a blue dot in the center of the radio button.

Site	Selection
All	<input checked="" type="radio"/>
_default	<input type="radio"/>
Crosland Tower	<input type="radio"/>
Price Gilbert	<input type="radio"/>

# How to reserve a Computer using GT Reservation System on Mobile

Next you are able to select the location in the site (Crosland or Price Gilbert) you selected. If you have no preference, select All. To note, Apples or only in Gold and Green areas. Dell's are in Gold and Grey area. Surfaces are only in the Gold area.

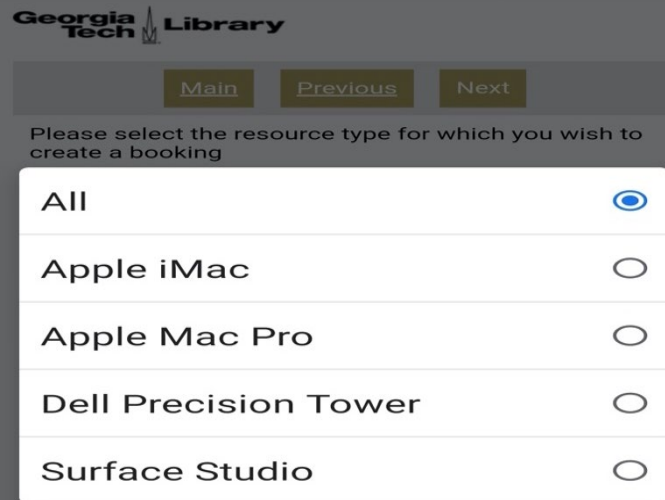

The screenshot shows the Georgia Tech Library mobile interface. At the top, the logo "Georgia Tech Library" is visible. Below it are three buttons: "Main", "Previous", and "Next". A message states: "Please select the location where you wish to create a booking". Below this message is a "Location" dropdown menu currently set to "All". A modal menu is open, showing four options: "All" (selected with a blue radio button), "Gold Zone", "Green Zone", and "Grey Zone" (each with an unselected radio button).

Location	Selection
All	<input checked="" type="radio"/>
Gold Zone	<input type="radio"/>
Green Zone	<input type="radio"/>
Grey Zone	<input type="radio"/>
